Computer Science Graduate | Frontend Developer & UI/UX Designer

Frontend Developer and UI/UX Designer passionate about building intuitive, accessible, and user-centered digital products. Skilled in translating business and user needs into responsive web experiences through modern frontend technologies and thoughtful design. Experienced in collaborating across teams, solving complex problems, and delivering solutions that balance functionality, usability, and visual excellence. Continuously learning and adapting to emerging technologies to create products that drive meaningful impact.

SKILLS

- **Technical Skills:** Accessibility (WCAG), Agile Methodology, API Integration, Cross-Browser Compatibility, CSS3, Design Systems, Figma, Git, GitHub, HTML5, Information Architecture, JavaScript (ES6+), Jira, Next.js, Notion, Prototyping, React.js, Responsive Web Design, REST APIs, Tailwind CSS, TypeScript, UI/UX Design, User Flows, User Research, Wireframing
- **Professional Skills:** Adaptability, Attention to Detail, Communication, Critical Thinking, Problem Solving, Project Coordination, Stakeholder Communication, Team Collaboration, Time Management

PROJECTS

Food Delivery Platform UI/UX Design • 05/2026

- Designed a mobile-first food delivery experience focused on browsing, ordering, and checkout workflows.
- Created wireframes, user flows, and high-fidelity mockups in Figma.
- Built reusable UI components to maintain visual consistency across screens.
- Improved the ordering experience through intuitive navigation and streamlined user journeys.
- **Figma Prototype**

Industrial Logistics Platform • 06/2026

Gao Tek Inc.

- Designed a logistics management platform to support supply chain and operational workflows.
- Created user flows and high-fidelity prototypes in Figma based on business requirements.
- Structured dashboard interfaces to improve access to operational information.
- Refined information architecture and navigation to enhance usability for enterprise users.
- **Figma Prototype**

Digital Agency Platform • 04/2026

- Built a multi-page agency website using HTML, CSS, and JavaScript.
- Developed a responsive navigation system and service showcase pages tailored for prospective clients.
- Implemented a contact form workflow to streamline customer inquiries.
- Optimized layouts for mobile, tablet, and desktop viewing using responsive design techniques.
- **Live Demo**

Travel Discovery Platform • 10/2025

- Developed a tourism platform showcasing destinations and travel experiences across Nigeria.
- Organized destination content into clear categories to simplify exploration and trip planning.
- Designed responsive layouts that maintained usability across different screen sizes.
- Enhanced content discoverability through intuitive navigation and visual hierarchy.
- **Live Demo**

Smart Transportation Booking Platform • 08/2025

- Built a transportation booking platform supporting one-way and round-trip reservations.
- Designed structured booking workflows to simplify trip selection and reservation management.
- Developed responsive interfaces that provided a consistent experience across devices.
- Improved usability through clear navigation patterns and user-focused interface design.
- **Live Demo**

WORK EXPERIENCE

GAO Tek Inc • Remote • 05/2026 - Present

UI/UX Designer Intern

- Designed wireframes, prototypes, and high-fidelity user interfaces using Figma for web-based products and digital solutions.
- Applied usability principles, visual hierarchy, and design thinking methodologies to improve user experience.
- Collaborated with remote team members to develop user-centered design solutions aligned with project objectives.
- Contributed to the creation of accessible, intuitive, and visually consistent digital experiences.
- Participated in design reviews and iterative improvement processes to refine interface quality and usability.

New Horizon Babcock TechHub • Ilishan-Remo, Ogun State • 11/2025 - 07/2026

Frontend Developer • Part-time

- Developed responsive and accessible web interfaces using modern frontend technologies.
- Built and optimized user-focused website components across multiple devices and screen sizes.
- Collaborated with cross-functional teams to deliver functional and visually consistent digital solutions.
- Conducted testing and troubleshooting to improve usability, performance, and reliability.
- Applied frontend best practices to enhance user experience and maintain code quality.

New Horizons Computer Learning Center • Lagos, Nigeria • 01/2025 - 06/2025

Frontend Developer Intern

- Assisted in developing and maintaining responsive web interfaces using frontend technologies.
- Applied HTML, CSS, and JavaScript concepts to build and improve web pages.
- Collaborated with instructors and team members on development-related tasks and technical projects.
- Provided technical support and troubleshooting for software, systems, and learning resources.
- Strengthened practical skills in web development, problem-solving, and technical support.

LEADERSHIP EXPERIENCE

New Horizon Babcock TechHub • 11/2025 - 07/2026

General Secretary • Ilishan-Remo, Ogun State

- Coordinated official communications, documentation, and administrative operations across the TechHub.
- Organized workshops, training programs, and community events to support member engagement and growth.
- Managed meeting records, reports, and correspondence to ensure operational efficiency.
- Facilitated collaboration between leadership and members to support strategic initiatives.
- Promoted knowledge sharing, teamwork, and active participation within the technology community.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Babcock University • Ilishan-Remo, Ogun State • GPA: 4.23/5.00 (Second Class Upper Division) • 07/2026
